DETAILED ACTION

Response to Amendment

1. The applicant has amended the independent claims 11, 30 and 46 by incorporating allowable subject matter dependent claims 16, 35, 51, respectively. Claims 1-10, 12-16, 21-29, 31-35, 38-45 and 47-51 have been canceled.

Allowable Subject Matter

2. Amended claims 11, 17-20, 30, 36, 37, and 46 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Amended independent claims 11, 30 and 46 are allowable over the prior arts since none of the prior art references taken individually or in combination fails to particularly disclose or render obvious the following italic limitations:

In claims 11, 30 and 46...*wherein the second header further includes a data integrity field, the method further comprising determining whether the second header is valid using information in the data integrity field, and if the second header is not valid, evaluating at least one header-sized data segment subsequently received to attempt to find another possible header...* in combination with other limitations recited as specified in Claims 11, 30 and 46.

Amended claim 11 is allowable over U.S.C 101, since amended method claim 11 recites, "receiving by a **wireless communication device**" in lines 2 and 10. While the claims recite a series of steps or acts to be performed (i.e. receiving steps), a statutory "process" under 35 U.S.C. 101 must be tied to another statutory category such machine (i.e. a wireless communication device). Thus, claim 11 is also statutory under U.S.C. 101.

Conclusion

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to IAN N. MOORE whose telephone number is (571)272-3085. The examiner can normally be reached on 9:00 AM- 6:00 PM.
